

Vertex and Microsoft: Accelerating Global Commerce

Empower your business to transact, comply, and grow confidently with Vertex and Microsoft.

Our Partnership

For over a decade, Vertex and Microsoft have collaborated to deliver solutions that help our joint customers maximize their Microsoft investments, streamline global tax compliance, and accelerate business growth. Vertex offers a proven suite of Microsoft-validated solutions for Dynamics 365, available through the Microsoft Azure and AppSource Marketplaces. That's why Microsoft relies on Vertex solutions to meet its own global indirect tax needs.

Advanced Technology

Vertex indirect tax solutions are designed to align with Microsoft's development standards, ensuring seamless integration with Microsoft Dynamics 365 applications. This innovative approach empowers organizations to take control of tax decisions and implement changes with minimal IT involvement. As the first tax provider trusted by Microsoft to integrate with its API-based Tax Calculation Service for Dynamics 365, Vertex offers enhanced flexibility and control. Customers can trust that Vertex solutions will perform reliably and efficiently, especially when deployed on the trusted Microsoft Azure platform.

Superior Customer Experience

As the only HDI Support Center certified tax provider, Vertex ensures our customers receive the highest level of service and support.

Powerful Benefits

Vertex and Microsoft are focused on improving the tax function and supporting business growth.

Improved tax & IT efficiency

Reduced risk

Streamlined tax and IT operations

Improved business scalability

Enhanced performance and reliability on the trusted Microsoft Azure platform

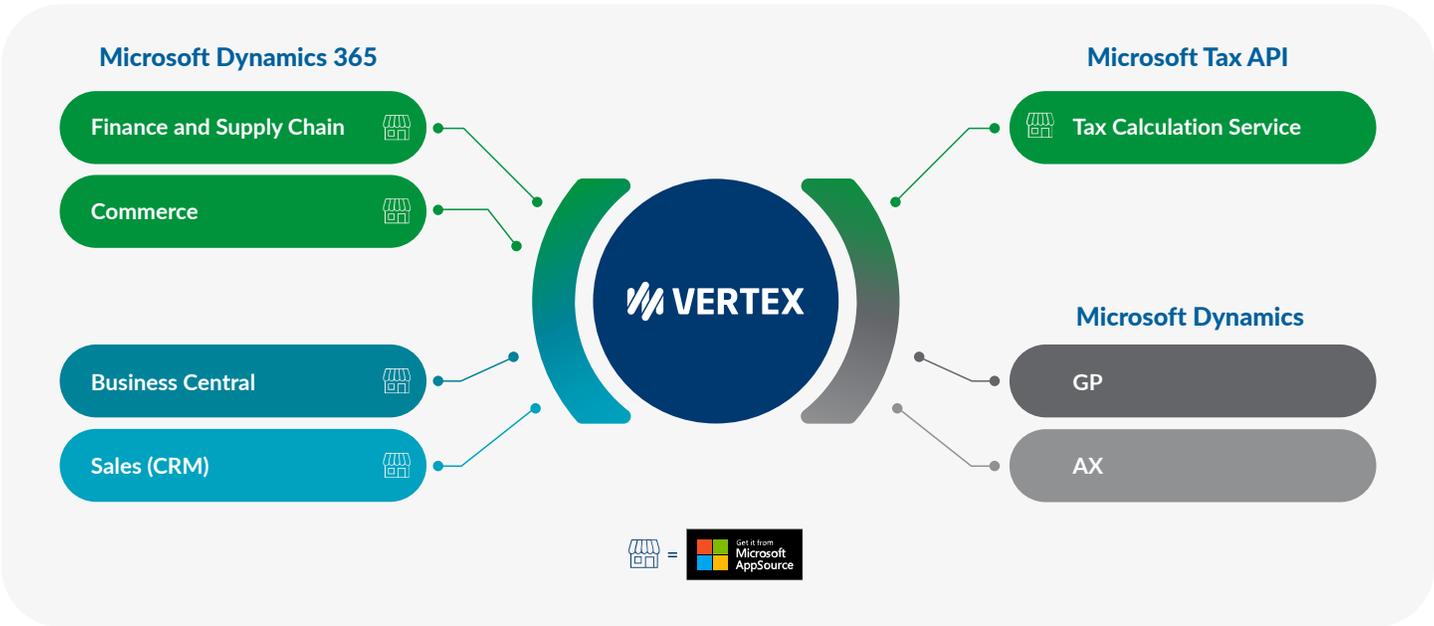

First to integrate with Microsoft's Universal Tax Rate API

Now available on Microsoft Azure

Tax Determination Across the Microsoft Ecosystem

Deploy on Microsoft Azure Cloud

Take advantage of flexible deployment options to colocate both your Dynamics 365 and Vertex O Series tax calculation engine on the Microsoft Azure cloud platform.

- **Improve performance** by placing your tax calculation engine on Microsoft’s high-speed global network.
- **Increase reliability** by utilizing Microsoft Azure’s built-in high availability and disaster recovery solutions.
- **Maximize spend** by using Microsoft Azure Consumption Credits (MACC)* to purchase Vertex O Series on Azure, Vertex O Series Edge, ERP applications, and services.
